

# EHEALTH CONSORTIUM ENEWSLETTER

August 2017

## From the Desk of President

Thanks for the ongoing and unfailing support from you. Without your dedication support, eHealth Consortium will not come to the present success.

The eHealth Records Sharing System (eHRSS) in Hong Kong is one of the most comprehensive and excellent territory wide eHealth platforms in the world because of the great job of all the stakeholders in the Healthcare/IT sectors. As at today, more than 1,300 private healthcare provider organizations and private hospitals have registered with eHRSS and over 510,000 members of the public have joined the system. The figures are very satisfactory; we will endeavor to promote the developments and progress of eHealth industry. We also urge the Government to allocate more resources to support the private sectors, especially the private doctors and clinics, to join the eHRSS, because their engagement can facilitate the completeness of the patient's health records network, achieving more accurate and precise data input by the frontline medical personnel. It allows a better integration among different health-care providers, reducing duplicated procedures, and enabling more timely treatment and diagnosis.

Patients' privilege is another main issue of the development of eHRSS. We will continue to assist eHR office keeps communicating with the Patients' groups, ensuring the patients privacy and the ease to use can both be balanced.

For the advancement of the development and collaboration of eHealth in Hong Kong and Mainland China, I have led a delegation to attend The Chinese Health Information Technology Exchange Conference in Qingdao International Centre from 18<sup>th</sup> - 19<sup>th</sup> May 2017. It is also our honor that we have successfully invited Mrs. Fanny Law, Chairlady of Science Park and Mr. Kevin Cai, CIO of Hospital Authority to join our delegation. We have shared lots of valuable experiences with the Mainland eHealth stakeholders in the Conference.

Participation by both the public and private medical sectors, as well as patients, is the key to the success for the eHRSS. eHealth Consortium will continue to play the role as the bridge between the general public, Healthcare/IT professionals and Government. With your continue support, I have confidence that we sure can have a better achievement in eHealth for Hong Kong. Thank you.

*Kenneth Chan*

**President, eHealth Consortium**

# eHealth Consortium Annual Dinner

電子健康聯盟  
eHealth Consortium Ltd

It is our pleasure to advise you that the eHealth Consortium (eHC) Annual Dinner will be held in **January 2018!**

Please join us for this annual event! All eHC members as well as industry partners are welcome to celebrate this occasion. Other than a cozy gathering for eHealth stakeholders, it is also a valuable opportunity to exchange the most recent development of IT/Healthcare Industry and extend social network among the eHealth Sector.

To know more details about the eHC Annual Dinner, please stay tune for our announcement.

Contact us via email [info@ehealth.org.hk](mailto:info@ehealth.org.hk) or phone 3488-3762

## Sharing From Our Board Members

### Mr Ping WONG

*Board Member*

*Chairperson, Greater China Affairs Committee*

### 想進入大中華地區的市場，特別是中國內地嗎？

大家好！我是電子健康聯盟的董事兼大中華事務委員會主席黃炳逢 (Ping Wong), 很高興透過此會員通訊，與會員和朋友們說幾句話！

回想兩年多前獲邀加入為聯盟的董事會成員，深感榮幸！作為香港內地經貿協會的會長，我加入聯盟的董事會，主要是幫助推動香港在大中華地區電子健康領域的交流和合作，促進香港在這方面的對外發展，特別是中國內地。作為長期從事中國內地經貿工作的人，我特別希望香港能在科技領域掌握中國發展的新機遇，希望為業界、科研機構和相關專業人士尋找適當的方式和渠道，與內地的市場、技術、資金和人才作有效的配對和融合，發揮香港的獨特優勢，成為大中華地區在電子健康領域的交流中心和合作基地。

在主席的領導和董事會其他成員的配合下，我們積極推動兩岸四地的交流和合作，與各地的合作夥伴共同籌建一個大中華電子健康的網絡平臺，旨在發佈及推動大中華地區的科研成果，介紹各地在相關方面的發展，為的是進一步尋找共同合作的空間，分享大家的經驗。對於有興趣尋找兩岸四地發展機會的公司、機構和專業人員，特別是對中國內地市場有濃厚興趣的，希望你們積極與我們大中華事務委員會聯繫，透過了解你們的最新業務及科技發展情況，讓我們知道你們的實際需要，看看聯盟如何加以協助，為你們在中國內地的發展尋找適當的方式及渠道，最少也希望能提供相關的意見及市場信息！

## Sharing From Our Board Members

### Mr Timothy MA, RSW, FCRP, JP

*Co-opted Board Member*

Hi everyone, thanks for the e-Health Consortium allowing me to introduce myself to you.

I am Timothy, who's a registered social worker majorly serving elderly for more than 30 years. I have been the first and Founding Executive Director of Senior Citizen Home Safety Association. The association was the first 24-hourly operating ageing care service via non-stop operation of Emergency Assistance Service (name called Ping On Chung 平安鐘). By means of the integration of ICT and latest big data system, we are able to build a viable and comprehensive platform connecting the home-bound elder with the community, and also encourage them to be confident enough to enjoy out-door activities by our outdoor emergency support service.

Currently I am a visiting lecturer of CUHK and HKU on Fundraising, Civil Society Organization and Becoming a Change Maker. I also run a small professional management consultant firm offering strategic management, Vision and Mission Revisit for Corp / NGO as well as Resource Development for NGOs.

I enjoy the service at e-Health Consortium as we witness how the e-Health Platform was built in HK and how we can contribute to build a more seamless platform in enhancing our effectiveness and efficiency of public and private health care.

Let's work on closely...

## Chinese Health Information Technology Exchange Conference - Qingdao 18-20 May 2017

The Chinese Health Information Technology Exchange Conference was held on 18<sup>th</sup> – 20<sup>th</sup> May 2017 at Qingdao International Convention Center. ## Seminar with Cisco (April 2017)

Seminar with Cisco was successfully held on 25<sup>th</sup> April 2017 at Cisco Conference Room. The seminar topics were “Intelligent Video Conferencing”, presented by Mr Samuel Kwok, Business Development Manager of Collaboration of Cisco; “Next Generation Security for Healthcare” by Mr Leslie Sin, Security Consultant of Cisco; and “Next Generation Hyperconverged Infrastructure (HCI)” presented by Mr Eddie Leung, Product Sales Specialist Data Center and Virtualization Greater China.

1. Mr Samuel Kwok demonstrated how to make a video conference efficiently in the seminar.

2. Mr Leslin Sin explained the Healthcare Specific Security Challenges and ways to protect our IT systems from Ransomware.

3. Mr Eddie Leung talked about the development direction of next generation data centre architecture.

## Seminar with Huawei (May 2017)

The seminar with our Gold Corporate Member, Huawei was held on 25<sup>th</sup> May 2017. This was a substantial and solid seminar; three brilliant speakers shared their views on different topics.

Mr Keith Wong, Senior Solution Manager of Enterprise Business Group, Huawei International Co. Limited focused on “Product Introduction & Demo Demonstration”, including “Cloud Computing – DevCloud” and “Big Data Analytics Solution – FusionInsight”. Ms Debbie Leung, Head of Solution Architect, Enterprise Business Group, Huawei International Co. Limited was expert in “e-Health IOT”, she elaborated lots of unique ideas to the participants. Last but not least, Mr Tommy Lam, Senior Solution Manager, Enterprise Business Group of Huawei International Co. Limited shared the case of The First Affiliate Hospital of Zhengzhou University (鄭州大學第一附屬醫院).

1. Mr Keith Wong received an appreciation certification from Mr Kenneth Chan, President, eHealth Consortium.
2. Mr Kenneth Chan thanked Ms Debbie Leung for the great presentation by giving her an appreciation certification.

3. Mr Kenneth Chan presented an appreciation certificate to Mr Tommy Lam.
4. The seminar attracted lots of participants.

## Seminar with eHRI (July 2017)

Seminar with our new Corporate Member – eHealth Research Institute Ltd was successfully held on 28 July 2017 at Hong Kong Productivity Council. Firstly, Mr Clube Ng, Chairman of Industry Liaison & Partnership SIG of Smart City Consortium presented the topic of “How Can the Territory-wide Electronic Health Record Sharing System (eHRSS) be Beneficial to Healthcare Service?”. Then Mr Ellman Law, Senior Manager in Solution Consulting of ELM Computer Technologies Limited shared on “How Does TVP Make the Clinic Operation & Healthcare Delivery More Efficient & Smarter?”. He told the participants about the information of the Technology Voucher Programme(TVP); and how the Innovative Technology favored for Clinic Operation. Lastly, Ir Dr K F Tsang, the Associate Professor & Director of Wireless Sustainability Center, Department of Electronic Engineering, City University of Hong Kong shared latest development of IoT Technology to Connect Clinic, Patient & Health Wearable.

Mr KW Ho, Vice President, eHealth Consortium presented the Certificate of Appreciation to the speakers, accordingly:

1. Mr Clube Ng;
2. Mr Ellman Law;
3. Ir Dr K F Tsang.

4. Participants focused on the attractive speeches presented by the guest speakers.

## UNLOCK THE POTENTIAL OF LOCATION INTELLIGENCE

### Personalized Location Services

- Greet customers with personalized messages
- Provide turn-by-turn wayfinding to any destination at your venue

### Marketing

- Enable time/location based notifications to mobile devices
- Provide relevant/contextual information for customers

### Location Intelligence & Big Data Analysis

- Segment customers according to their actual behavior
- Better understand dwell times for real-time crowd management

### Enterprise Solutions

- Optimize workforce efficiency
- Tag locations requiring attention or maintenance

## Business Smartpad Wacom Clipboard PHU-111

Wacom Clipboard lets users complete and sign documents using standard paper forms with ink and converts the documents to a digital version in real-time. Without changing current paper-based workflows, it provides a secure and easy way to instantaneously digitize and save these paper documents.

- A4/Letter size clipboard holds up to 20 sheets of standard paper
- Digitizes documents that are filled-in or signed with ink on standard paper
- Pairs with a host PC or a mobile device via Bluetooth
  - an option for USB connectivity is available in PC environments.
- Secure transactions thanks to Bluetooth native encryption and state-of-the-art AES256/RSA2048 encryption for USB mode.
- Wacom's EMR technology enables handwritten signature and stroke data to be digitized with excellent accuracy and includes biometric capture functionality.

## About Us

Established since 2005, eHealth Consortium is one of the major non-profit making organizations in Hong Kong leading eHealth advocacy in the region and we are the prime agency bridging healthcare and IT industries to advance the development of eHealth in Hong Kong and Mainland China.

Over the years, our efforts are focused on three key areas, namely data standardization, education and capacity building, and facilitating pilot projects for the advancement of eHealth applications. We work closely with the healthcare and the ICT sectors to offer training programs, conferences, and seminal events for eHealth stakeholders.

### Career and Volunteerism

Healthcare expertise and volunteers are the heart of the eHealth Consortium. For information about joining us, please contact our Secretariat or our Human Resources at [hr@ehealth.org.hk](mailto:hr@ehealth.org.hk).

### eNewsletter Subscriptions

To subscribe/unsubscribe e-Newsletter, please email [info@ehealth.org.hk](mailto:info@ehealth.org.hk)
